Date: December 25, 2019

In this graphic code, a string is encoded, which in a special algorithmic way relates to the only possible set of characters known only to the author of the declaration. A demonstration of this phrase with an explanation of the way it is encoded will be conclusive evidence of the authorship of this statement. The author reserves the right to demonstrate this evidence when it sees fit. Most likely only his descendants will need it.

Certificate of publication: #219122500895 at December 25, 2019.

This document is valid only to the extent that it does not contradict existing generally accepted norms, laws and regulations. At the time of publication, the author is not aware of any other documents or statements by any persons on the ownership rights to these space objects. If there is any published documentary evidence within the framework of existing international laws, acts or generally accepted standards, with clear and reliable evidence of the availability of such documents before the date specified in this declaration, all property rights remain with the owners indicated in them. The document is exclusively an art project of the author, which represents his personal point of view. The author does not propagate any ideas and aspirations, does not seek to offend or offend anyone, does not call for anything, but only wants to express his personal views on this topic with his work. He is not responsible for errors, typos, or incorrect interpretations of the contents of the document. The author is not liable for damage caused by the execution of the electronic file to the health, property, rights and legitimate interests of the Reader, as well as damage to health, property, rights and legitimate interests of third parties caused in connection with any actions of the Reader. All responsibility for using the electronic file rests entirely with the Reader!
